Dear

I refer to your letter of September 20, 1977, received by the Embassy on November 30, 1977 with an enclosed letter for your mother, Mrs. Berda Johnson.

B6

I plan to visit the agricultural community some time in January or February, 1978 and will personally deliver your letter to your mother. I will also write to you about my visit with Mrs. Johnson. Unofficially, I did learn that your mother is well. I relayed this information to you on September 19, 1977, through the Department of State. I trust that you received my reply.

If you have any further requests concerning your mother's well being, please let me know.

Sincerely,

Richard A. Mc Coy
American Consul
